# LEARN THE SECRETS TO BRING MORE CLEAR ALIGNER CASES INTO YOUR PRACTICE.

Dr. Duane Grummons will teach you that pre-aligner therapy can turn almost any orthodontic case into a clear aligner case. This lecture-style seminar explains how to identify and treat cases with pre-aligner therapy, and how to integrate this treatment into your practice.

In addition, Dr. Grummons will teach you how to create success in your own practice. As an expert on building successful practices, he will show you how to:

- > Inspire your team to be all in
- > Get new patients in the door
- > Increase patient acceptance
- > Build reputation in your community

*In his own practice Dr. Grummons experienced 90% youth and 80% adult conversion rates, with pre-aligner therapy being a key reason patients chose his practice.*
